For some of these quotes, we don’t know the origin of who said the quote. If a quote doesn’t have a name to it, I won’t bother to put it here. This is because I don’t know the original source of the quote. I don’t use any verse in the Bible since no verse in it can be validated unless if it is Paul’s writings, that isn’t part of the Bible. I’m aware that not all the hadiths are factual that Prophet Muhammad said it, by that point because it most likely is attributed to Prophet Muhammad. I applied the same to Paul’s writings. Ancient sayings add.
